SAFETY AND CONTRACTOR SUPPLIES

Bloodborne Pathogen

- Refill Packets
- Response Kits

Being prepared with spill kits for biohazards will help to ensure keeping the workplace safe.

Eyewear

- Safety Glasses
- Safety Goggles

Protective eyewear is useful for minimizing hazards in all kinds of work environments. We can provide you with eye protection products to meet your safety needs.

Oil/Chemical Sorbents

Keep your job sites and facilities slip safe with sorbents for use with spills and industrial fluids.

Face Protection

- Face Shields

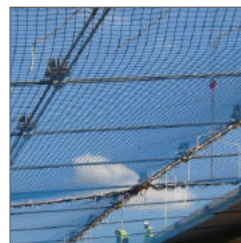

Face shields are designed to protect from objects and chemicals and are made to withstand various elements.

Personal Monitoring System

- Gas
- Dust

Personal monitoring systems are sometimes essential to guarantee the safety of workers. Respiratory and gas detection monitors provide a measure of safety while working on projects with environmental air hazards.

Safety Netting/Fencing

DI carries high-visibility safety fencing and netting for cordoning off worksites and other barrier applications.

First Aid/Disaster Preparedness

- Safety Kits, Refills

Occasionally, unexpected events occur and it is best to be prepared. We carry basic first aid needs as well as disaster preparedness kits for such events. DI can help to keep your facility stocked with a variety of clean-up and bloodborne pathogen kits to meet occupational safety requirements.

Hearing Protection

- Corded
- Uncorded
- Ear Muffs

For allowing employees to safely work on sites that have high levels of noise, we offer different types of protection devices for hearing loss prevention caused by job-related noise.

YOUR ONE STOP SHOP. SAME DAY, NEXT DAY DELIVERY.

Find all the personal protective equipment you need for ultimate on-the-job assurance. From headgear and eyewear to protective clothing and supplies, Distribution International has your safety needs covered top to bottom.

Protective Clothing

- Fire Retardant Clothing
- Disposable Suits
- Polypro Suits
- Rainwear

Our offering of protective clothing includes fire retardant, disposable, polypro, and rainwear materials. DI provides protective clothing necessary for multiple industries to avoid exposure to hazards.

Fire Extinguishers

Outfit your facility with the necessary fire protection equipment for safety and compliance.

Respiratory Protection/ Supplied Air

- Respirators (Half/Full)
- Filters and Cartridges

Respiratory protection is essential in order to avoid breathing air contaminated with harmful dusts and gasses. Choose from our selection of full and half mask supplied air systems, filters, and cartridges.

Head Protection

- Hard Hats

Many environments require employees to remain compliant with head protection standards as defined by OSHA. We offer the most trusted manufacturers of equipment for optimal head and face protection.

Hand Protection

- Cut-Resistant Glass
- PVC Dipped
- Leather Palm
- Dot String
- Coated Palm
- Leather Driver

Hand injuries account for the majority of workplace injuries. By using appropriate hand protection, you can prevent exposure to hazards and injuries. DI carries an extensive line of hand protection for multiple uses.

Fall Protection

- Harnesses
- Confined Space Systems
- Lanyards
- Combo Kits
- Self-Retracting Lifelines

Because OSHA requires fall protection to be provided in a variety of work environments, DI has the gear to meet those needs—and then some. We carry the top manufacturers in fall protection equipment.
