Section 1 - PRODUCT AND COMPANY IDENTIFICATION

Material Name
Travel-Tack

Synonyms
Solvent-based Adhesive

Chemical Family
Spray Adhesive

Product Use
Solvent based Adhesive

Restrictions on Use
For industrial use only.

Manufacturer Information
Carlisle HVAC Products
900 Hensley Lane
Wylie, TX 75098
www.carlislehvac.com

Medical Emergency:
CHEMTREC (USA): (800) 424-9300

MSDS Assistance – 972-442-6545
Technical Assistance – 888-229-2199
Customer Service – 888-229-0199

Section 2 - HAZARDS IDENTIFICATION

OSHA Regulatory Status: This material is considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200)

Hazard Classification: Flammable aerosol
Skin Irritation, Category 3

GHS Label Elements
Symbol(s)
Safety Data Sheet

Material Name: Travel-Tack

Signal Word
Danger
Flammable aerosol. Irritant by inhalation, ingestion, skin contact, and eye contact.

Hazard Statement(s)
Flammable aerosol
Contains gas under pressure; may explode if heated
Causes skin irritation
Causes eye irritation
May cause respiratory irritation
May cause drowsiness or dizziness

Precautionary Statement(s)

Prevention
Keep away from heat/sparks/open flames/hot surfaces – no smoking.
Pressurized container: Do not pierce or burn, even after use.
Do not spray on an open flame or other ignition source.
Protect from sunlight. Store in a well-ventilated place. Keep container tightly closed
Use personal protective equipment as required.
Avoid breathing dust/fume/gas/mist/vapours/spray
IF IN EYES: Rinse cautiously with water for at least 15 minutes. Remove contact lens, if present and easy
to do. Continue rinsing. If eye irritation persists, get medical advice or attention.
IF ON SKIN: Wash with plenty of water. If skin irritation occurs, get medical advice or attention.
IF INHALED: Remove person to fresh air and keep comfortable for breathing.

Potential Health Effects
Principal Routes of Exposure: Inhalation, skin absorption, eye contact

Acute Effects
Eyes
Contact with eyes may cause irritation. Direct contact with liquid or vapors may cause stinging, tearing,
redness, swelling, and eye damage.
Skin
May cause skin irritation and/or dermatitis. Prolonged or repeated contact or exposure to vapors may
cause redness, burning, and drying and cracking of the skin.
Inhalation
Breathing high concentrations of vapors may cause irritation of the nose and throat or signs of nervous
system depression (i.e. – headache, nausea, drowsiness, dizziness, vomiting, loss of coordination and
fatigue).
Ingestion
Ingestion may cause irritation of the digestive tract, nausea, vomiting, and signs of nervous system
depression.
Chronic Effects
Avoid repeated exposure. May cause blood damage. Repeated contact may cause allergic reactions in
very susceptible persons.
Safety Data Sheet

Material Name: Travel-Tack

Aggravated Medical Conditions
Pre-existing eye, skin, or respiratory disorders may be aggravated by exposure to this product.

Section 4 - FIRST AID MEASURES

General Advice
Show this safety data sheet to the doctor in attendance

Inhalation
Move to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen and get immediate medical attention.

Skin
Wash exposed skin with soap and water. Remove contaminated clothing and wash it before reuse. If skin irritation occurs, get medical advice/attention.

Eyes
Flush with plenty of cool water for at least 15 minutes, holding eyelids apart for thorough irrigation. If irritation persists, get immediate medical attention.

Ingestion
Do NOT induce vomiting. If swallowed, get medical attention. If vomiting occurs, keep head lower than hips to prevent aspiration.

Note to Physicians
Treat symptomatically

Section 5 - FIRE FIGHTING MEASURES

Extinguishing Media
Suitable Extinguishing Media
Carbon dioxide, dry chemicals, foam. Water may be helpful in keeping adjacent containers cool; avoid spreading the liquid with water used for cooling. Water-based sprinkler systems may help contain larger fires.
Safety Data Sheet

Material Name: Travel-Tack

Special Hazards Arising from the Chemical
Closed containers may rupture if exposed to fire or extreme heat. May produce toxic fumes if burning.

Special Protective Equipment and Precautions for Firefighters
Wear full protective fire fighting gear including self contained breathing apparatus (SCBA) for protection against possible exposure.

Section 6 - ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment and Emergency Procedures
Wear personal protective clothing and equipment, see Section 8. Remove all sources of ignition.

Methods and Materials for Containment and Cleaning Up
Dam up. Soak up with inert absorbent material. Pick up and transfer to properly labeled containers. Clean contaminated surface thoroughly.

Environmental Precautions
Prevent further leakage or spillage if safe to do so. Do not allow material to contaminate ground water system. Prevent product from entering drains. Do not flush into surface water or sanitary sewer system. Local authorities should be advised if significant spillages cannot be contained.

Section 7 - HANDLING AND STORAGE

Precautions for Safe Handling
Use only in area provided with appropriate exhaust ventilation. Do not breathe vapors or spray mist. Wear appropriate personal protective equipment. Take precautionary measures against static discharges. To avoid ignition of vapors by static electricity discharge, all metal parts of the equipment must be grounded. Keep away from open flames, hot surfaces and sources of ignition.

Conditions for Safe Storage, Including any Incompatibilities
Keep containers tightly closed in a dry, cool and well-ventilated place. Keep away from extremes of heat or cold. Keep in properly labeled containers.

**Engineering Controls**
Ensure adequate ventilation, especially in confined areas.

**Individual Protection Measures, such as Personal Protective Equipment**

**Eye/face protection**
Wear safety glasses or safety goggles, or full faceshield.

**Skin Protection**
Protective gloves and impervious clothing.

**Respiratory Protection**
In operations where exposure limits are exceeded, use a NIOSH approved respirator that has been selected by a technically qualified person for the specific work conditions.

**Hygiene Practices**
Avoid contact with skin, eyes and clothing. Remove and wash contaminated clothing before re-use. Wash thoroughly after handling. When using, do not eat, drink or smoke.

Safety Data Sheet

Material Name: Travel-Tack

Section 10 - STABILITY AND REACTIVITY

Chemical Stability
Stable under normal conditions of use. Hazardous polymerization does not occur.

Possibility of Hazardous Reactions
None under normal conditions of use.

Conditions to Avoid
Keep away from open flames, hot surfaces, static electricity and sources of ignition. Avoid extremes of heat or cold.

Incompatible Materials
Strong acids and bases, strong oxidizing agents, alkali metals, halogens

Hazardous decomposition products
Thermal decomposition can lead to release of irritating gases and vapors. Carbon monoxide, carbon dioxide, smoke, and other unidentified organic compounds may be formed during combustion.

Section 11 - TOXICOLOGICAL INFORMATION

Information on Likely Routes of Exposure
Inhalation, skin absorption, eye contact

Acute Toxicity
No data

Irritation Data
No data

Sensitization
No data

Corrosivity
No data

Mutagenicity
No data

Reproductive Toxicity
No data

Specific Target Organ Toxicity - Single Exposure
No data

Specific Target Organ Toxicity - Repeated Exposure
No data
Safety Data Sheet

Section 12 - ECOLOGICAL INFORMATION

**Aquatic Toxicity**
- Acute and prolonged Toxicity to Fish: No data
- Acute Toxicity to Aquatic Invertebrates: No data
- Environmental Fate and Pathways: No data

**Persistence and Degradability**
No data.

**Bioaccumulative Potential**
No data

**Mobility in soil**
No data

**Other adverse effects**
No data

Section 13 - DISPOSAL CONSIDERATIONS

**Disposal Methods**
Dispose of in accordance with all applicable local, state, and federal regulations. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit, and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

Section 14 - TRANSPORT INFORMATION

**US DOT Information:**
- **Proper shipping name:** CHEMICAL UNDER PRESSURE, FLAMMALBE, N.O.S. (PROPANE, ISOBUTANE)
- **Hazard Class:** 2.1
- **UN#:** UN3501
- **ICAO/IATA:** Contact the preparer for further information.
Safety Data Sheet

Material Name: Travel-Tack

IMDG/MO Information: Contact the preparer for further information.
