

## FASSON® 9150

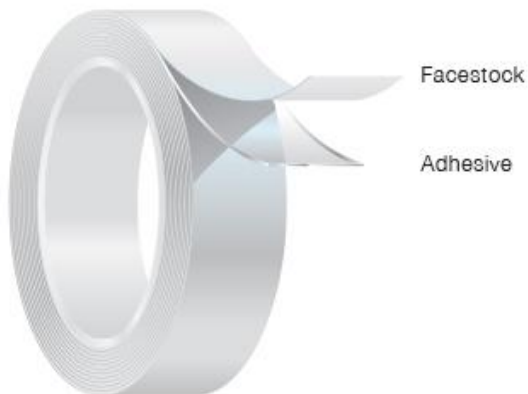

FASSON® 9150 is a fiberglass reinforced strapping tape designed to be used as a temporary support for pipe insulation during installation and for various other packaging and miscellaneous applications.

**FEATURES:**

- Aggressive rubber based adhesive system
- Outstanding holding power

**BENEFITS:**

- Biaxially oriented polypropylene film
- High tensile strength

**CONSTRUCTION:****Carrier:**

White Filament Biaxially Oriented Polypropylene

**Adhesive:**

Rubber
